

3000

Pump **hydraulic lift**  
and manual recline

**Reliance**<sup>®</sup>

# 3000

## Pump hydraulic lift and manual recline chair.

The manually operated Model 3000 offers Reliance durability and efficiency along with unique features not found in any comparable chair.

### Pump Hydraulic Base

Hydraulic mechanism allows practitioner to effortlessly raise patient by pumping foot pedal. Chair automatically lowers itself when pedal is moved into the down position.

### Manual Reclining Top

Chair back reclines up to 90° with a single hand. Release mechanism is easily accessible from both sides of the chair.

### Rotation Lock

When foot lever is in middle position, chair swivels 360° to facilitate access to patient. Chair locks into position when lever is moved upwards.

### All Weight Bearing Surface

For extra durability and stability, foot bar and armrests are designed to support full weight of patient.

### Headrest

Large, padded headrest firmly locks into place. Easily adjusts to a wide range of positions.

### Armrests

Armrests rotate for convenient ingress and egress from either side of chair. Upholstered and padded for comfort.

### Finishes and Upholstery

Hand-sewn upholstery with high density foam holds its shape for years. Cushions remove for rapid cleaning and replacement. Seat and back cushions are interchangeable. Our selection of 14 vinyl colors will match any office or treatment room décor. Base is black enamel. All materials are fire retardant. To request a color selection card, contact your dealer or call Reliance at 1-800-735-0357.
